## **Recommendation for Freiberg**

To Whom It May Concern:

It gives me great pleasure to recommend Freiberg to your company.

Freiberg have been engaged by WestNet Rail to manufacture and install workstations for our office refurbishments since October 2010.

The works for the first stage have been completed early and the level of quality is excellent.

Freiberg are also a local company and all their products are manufactured in their Belmont location, which was a major reason that WestNet Rail decided to engage them.

I recommend Freiberg with enthusiasm, and we are looking forward to working with them for the remaining refurbishments of our premises.

Yours sincerely

Cindy Johnstone  
Executive Assistant to Chief Executive Officer  
**WestNet Rail**
