To Whom it May Concern

Dear Madam / Sir

It gives me great pleasure to write a reference letter for FREIBERG, who without reservation undertook the complete office outfitting of FMC's new Plant in Henderson, Western Australia. The project was by no means an easy task with unseen difficulties coupled with many changes and variances from our part.

FREIBERG exuded plenty of professionalism, continuous patience, discharged copious amount of ideas and spontaneous leadership qualities.

An important point of note is that FREIBERG completed the project on time whilst meeting FMC's budget constraints. This was crucial to FMC's operations as we were governed by very strict management guidelines. FREIBERG always paid attention to FMC's entire request especially with FMC's high demands in product quality and features. I am happy to say that FMC's management is very happy with the completed outcome.

I am confident that FREIBERG will be able to undertake any projects and assignments offered to their organization. Their ideas and skills will definitely be impressive to your company's needs.

If you want or need any more information about FREIBERG, please do not hesitate to contact me.

Yours Sincerely,
Peter Luke Alexander.
